

REIP

HVAC SERVICES

GOVERNMENT · COMMERCIAL · INDUSTRIAL · KANSAS CITY, MO

CAPABILITY STATEMENT

Company Overview

REIP HVAC is an experienced HVAC contractor with 15+ years in the HVAC industry, including 6 years supporting prime contractors as a subcontractor on commercial and facility projects.

We provide dependable HVAC installation, maintenance, and repair services with a focus on quality workmanship, schedule reliability, and cost-effective solutions for government, commercial, and institutional facilities.

Our team understands the importance of compliance, safety, and coordination with general contractors and facility managers to ensure projects are completed efficiently and to specification.

Core Competencies

- Commercial HVAC installation and system replacement
- Preventative maintenance programs
- HVAC diagnostics and system troubleshooting
- Rooftop unit (RTU) installation and service
- Split systems and packaged systems — wholesale supply available
- Ductwork installation and modification
- HVAC system upgrades and retrofits
- Energy efficiency improvements
- Emergency repair services

Past Performance

- 6+ years subcontracting for general contractors and mechanical primes
- HVAC installation and maintenance across commercial facilities and institutional buildings
- Multiple IHOP locations and apartment complexes — HVAC replacement (subcontractor role)
- Experience coordinating with project managers, facility engineers, and construction teams
- Consistent record of meeting project schedules and safety requirements

Differentiators

- 15 years HVAC industry experience
- Proven subcontractor performance with prime contractors
- Competitive pricing and efficient project execution
- Strong emphasis on safety and compliance
- Responsive service and clear communication
- Focus on long-term equipment reliability and efficiency
- Wholesale split system supply available to contractors, businesses & agencies
